## Issue Details

<b>Location of Issue:</b>	Road from Landford Crossroads to Nomansland Cattle Grid		
<b>Community Area:</b>	Southern Wilts		
<b>Parish or Town Council:</b>	Landford PC		
<b>Nature of Issue:</b>	The road is not suitable for 40mph due to very narrow pavement and lots of usage from pedestrians (including the local school sites) and cyclists. There is also a blind corner at the cattle grid and I have witnessed several near misses over the years.		
<b>How long has it been an issue?</b>	I have been aware of the issue for approximately 10 years but I expect it has been going on longer.		
<b>What would you like done to resolve this issue?</b>	We would like to see this section reduced to 30mph. I have consulted with a prior Principal Engineer, Safer Routes for Hampshire Council as well as the local police force - both thought it was already a 30mph section and were amazed when I said it is still 40mph.		
<b>Have you been in touch with your local Wiltshire Councillor? (Yes/No)</b>			Yes
