

## Landford Parish Council – Recreation Grounds

We are very fortunate to have 2 Recreation Grounds within the Parish. Both Recreation Grounds have children's play areas which are highly valued by the local community - children love playing on the equipment and parents/guardians enjoy the venue as an opportunity to meet and interact with their peers.

In recent years equipment in the children's play area in the Landford Recreation Ground has been completely renovated. The Parish Council replaced the existing equipment and added several new pieces including a zip-wire, a seesaw and a roundabout. Recently we fitted 2 new self-closing gates - one by the toilet block and the other to allow easy access to the playing field. The area is now completely enclosed so it is a safe and pleasant place in which children can play.

LANDFORD PLAY AREA

NOMANSLAND PLAY AREA

Since Landford Parish Council assumed responsibility for Hamptworth and Nomansland in 2017 there has been significant investment in the Nomansland play area. In February 2019, we were awarded grants from the South Wiltshire Area Board totalling £6,500 which helped towards the cost of repairing several pieces of play equipment and installing fencing to i) contain children within the relative safety of the play area, ii) to keep dogs off the play area, and iii) to give children a sense that it is their area and separate from the surroundings.

In addition to the play areas, the Parish Council maintains the pavilion (which is available to hire) and toilet block at the Landford Recreation Ground and is responsible for grass cutting and bin emptying at both sites. Our Recreation Ground Working Group regularly inspects the facilities and ensures that they meet the required ROSPA standards.
