

**The Bramshaw Trust in association with
The Bramshaw & District Film Society**

We invite you to a Free showing of **A Plastic Ocean**

This is a new feature-length adventure documentary, filmed in 20 locations around the world, that brings to light the consequences of our global disposable lifestyle.

We thought we could use plastic once and throw it away with negligible impact to humans and animals. That turns out to be untrue.

An international team of adventurers, researchers, and Ocean ambassadors go on a mission around the globe to uncover the shocking truth about what is truly lurking beneath the surface of our seemingly pristine Ocean. The result will astound viewers-just as it did our adventurers-who captured never-before-seen images of marine life, plastic pollution and its ultimate consequences for human health

This is a **MUST WATCH**

Please reserve the date in your diaries

Friday 4th January 2019 at Bramshaw Village Hall, Bramshaw.
